

## CALL FOR MEMBERS

# Antimicrobial Stewardship Advisory Committee (ASAC)

## Practitioners from Long-Term Care and Primary Care

### About ASAC

Public Health Ontario (PHO) promotes and supports antimicrobial stewardship as a key part of an overall public health strategy to address antimicrobial resistance in Ontario. The ASAC advises PHO on matters related to antimicrobial stewardship, taking into account the following:

- provincial priorities
- goals, objectives and targets for the development and implementation of antimicrobial stewardship in the province
- stakeholder needs, priorities and resources

ASAC membership is multidisciplinary in nature. ASAC is currently seeking practitioners from the following sectors/professional areas:

- long-term care
- primary care

### Desired Qualifications

Interest in, and experience and/or knowledge in antimicrobial stewardship/appropriate antimicrobial use.

### Requirements to Become a Member

Candidates must be a resident of Ontario and meet the following requirements:

- Registered to practice in the province of Ontario.
- Able to accommodate the time requirement for quarterly meetings and related activities.
- Able and willing to comply with [PHO's Conflict of Interest Rules](#) and confidentiality requirements.

### Expressions of Interest

Interested candidates should send their expression of interest, with curriculum vitae and complete contact details to [asp@oahpp.ca](mailto:asp@oahpp.ca).
