

We will advance towards our Vision

Internationally-recognized evidence, knowledge and action for a healthier Ontario

To deliver on our Mission and Mandate

We enable informed decisions and actions that protect and promote health and contribute to reducing health inequities

We provide scientific and technical advice and support to clients working in government, public health, healthcare and related sectors

Guided by our values

CREDIBLE INNOVATIVE RESPONSIVE COLLABORATIVE INTEGRITY RESPECT

As a knowledge organization, we will focus our talents and resources on our five strategic directions

- Provide scientific and technical expertise to strengthen Ontario's public health sector and support the achievement of its strategic goals
- Accelerate integrated population health monitoring
- Enable policy, program and practice action
- Advance public health evidence and knowledge
- Great people, exceptional teams building a stronger PHO

Our success in achieving our goals will be enabled by

- Governance, accountability and performance
- Change management
- Privacy and information management
- Strategic partnerships and alliances
- Better integration of regional perspectives and diverse capacity
- Organizational capacity, systems and infrastructure investments
